MUIMUN Scholarship
scholar@muimun.org

Dear Sir or Madam,

MUIMUN, Muenster University International Model United Nations, a UN simulation conference organised by students, will be taking place from March 23 – 27, 2019 in Muenster, Germany, City of the Westphalian Peace. Under the topic "Point of No Return? – Altering the Course Towards a Future That Lasts", we are expecting around 250 delegates from all over of the world. It is very important to us that students who normally would not have the possibility to come to Germany and participate in our Model UN are offered the chance to apply for scholarships. Our Fundraising Team is making a great effort to provide these students with financial support.

As part of the selection process of scholars for the MUIMUN 2019 conference, your views are of great importance to us and we truly appreciate your effort. Please be assured that the information you are providing will be kept confidential.

The following questions can be seen as a guideline for the reference:

1. How long have you known the candidate and what is your connection towards him/her?
2. What do you consider to be the candidate's main strengths?
3. What do you consider to be the candidate's principal weaknesses?
4. What, in your opinion, is the candidate's motivation to participate in MUIMUN 2019?

Please tell us as well your contact details and your profession. Thank you very much in advance.

Sincerely,

The MUIMUN 2019 Scholarship Team

 **Conference March 23rd – 27th, 2019**
MUIMUN Conference Topic 2019: Point of No Return? - Altering the Course Towards a Future That Lasts

The MUIMUN-Project is a project of the University of Münster. Some volunteers engaged in the project work on behalf of Münster MUN e. V.
